

**Lease
Your TPMS
No Upfront Cost**

All the Benefits of TPMS Without the Big Upfront Cost

Get all the advantages of a TMS® Tire Pressure Monitoring System for your industrial and OTR vehicles – but without the capital expense.

Our flexible TPMS leasing plans make it easy to improve safety, reduce tire and fuel costs, and protect your fleet from tire-related downtime.

Why Lease instead of Buy?

No Capital Outlay

Get the latest tire pressure monitoring technology without any large upfront investment. Turn what used to be a capital expense into a manageable monthly cost.

Instant Savings

Start saving immediately – increased tire life, improved fuel efficiency, and reduced downtime will deliver a return that exceeds the monthly cost.

Simple, Predictable Costs

One fixed monthly fee – no surprises, no hidden charges.

Easy to budget, easy to manage.

Keep Your Fleet Running Safely & Efficiently

Improved Uptime & Safety

Monitor tire health in real-time to prevent failures, accidents, and unplanned downtime. Keep your vehicles on the road and your operators safe.

Remote monitoring

We include access to the **TMS-Remote** web portal so you can see the whole fleet tire data at a glance and also receive instant notifications when things go out of specification.

Always-Up-to-Date

Enjoy the latest technology and full warranty coverage for the duration of your lease. Technical support and software updates are also included.

Flexible Options

Lease terms to fit your fleet and cash flow. Upgrade or expand your system as your fleet requirements change.

Start Protecting Your Fleet Today

Lease from as little as **£99.00 per month.**

No upfront payment • No hassle • Immediate savings

What's included in the Trial:

- The complete TPMS kit specially configured for your exact vehicle
- Telematics box to link to local cellular network
- Licence cost for **TMS-Remote** web portal
- Monthly SIM with sufficient data to upload all vehicle data to the web portal
- Any spare parts needed, excluding anything damaged by the user
- Installation and ongoing Technical support
